

U-SHARE INVESTOR & FUNDING PACKAGE (VERSION C)

1. Executive Summary

U-Share is a community-powered deal-sharing app built to help families save money and support local businesses. Users snap and share deals instantly, creating real-time savings across Northern Ontario and Indigenous communities.

2. Founder Story

Henry R. Langlois — youngest of 5 siblings, raised in Temiscaming. A blue-collar worker for 30+ years and a single father of four. The idea sparked when his child texted a steak sale while he was on the toilet. Later moved to North Bay for his boys' competitive sports while commuting 45 minutes to work daily. U-Share was created from real Northern life.

3. Problem

Families face rising costs. Small towns have fewer options. Deals go unnoticed. Local stores struggle to reach shoppers affordably.

4. Solution

A fast, simple, real-time deal-sharing app. Anyone can snap a photo of a deal, and everyone nearby benefits instantly. Free for stores to post, with optional premium tools.

5. Market Fit

U-Share targets Northern Ontario, Indigenous communities, and small towns where savings matter most. Strong early validation from families, parents, and local businesses.

6. Competitor Comparison

Flipp/Reebee = flyer-based.

U-Share = real-time, community-driven deals.

Faster, more relevant, more local.

7. Revenue Model

- In-app ads
- Featured deals
- Store subscriptions
- Boosted posts
- Flyer uploads
- Sponsored categories
- Local business ads
- Data insights

8. Growth Plan

Phase 1: 0–500 users (family, hockey community)

Phase 2: 500–2500 users (local stores, FB groups)

Phase 3: 2500–10k users (regional expansion)

Phase 4: National scale

9. Indigenous Community Benefit

Supports affordability, empowers local stores, and creates economic value within reserves and Northern towns.

10. Funding Ask

Support requested to complete Phase 1 development (MVP), launch locally, and begin Phase 2 outreach.

11. Use of Funds

- App development (Phase 1)
- Launch marketing
- Business tools setup
- Initial advertising and outreach
- Technical maintenance

12. Project Timeline

Phase 1: Build MVP

Phase 2: Launch locally

Phase 3: Add business tools

Phase 4: Canadian expansion

13. Developer Confirmation

Project ready to begin upon funding release. Developer has been updated and slot remains open.

14. Contact Information
